EDUXPO360 is a brand is a pioneer in facilitating MBBS abroad to the students of India for the past 9 years. The team is characteristically a composite of top-notch excelling personalities who are competent, creative, and determined to make your dream a well-lived reality. With an approximate experience of over three decades, we have witnessed an efficient transformation of more than 2000+ aspirations to materiality.

### Our Vision

To fulfill our sole aim to turn your dreams and aspirations into your truth and reality, our vision at EDUXPO360 aims:

To reach out to aspiring students providing them with all the necessary guidance and support to achieve their dreams.

To create awareness about the education opportunities available with MBBS in Abroad.

To nurture and cater to the needs and requirements of the students studying MBBS abroad.

### What Makes Us Your Perfect Partner For MBBS in Abroad?

Experience and transparency are the two aspects of our work that make us a unique and most preferred choice among the students of India who wish to study MBBS in Abroad. We work with utmost proprietary towards assisting and facilitating the students at each and every step until they reach their final destination.

Moreover, our far and wide country presence helps in traversing and connecting to the students giving them access to more opportunities!

## WHY MBBS ABROAD?

MBBS abroad is rapidly becoming a top choice for Indian students aspiring to become successful doctors of the highest international repute. The lack of opportunities in India due to high competition and limited MBBS seats urges thousands of Indian students to enroll for MBBS abroad.

The fee structure of MBBS abroad for Indian students starts at INR 3 – 6 lakhs a year, including hostel and mess charges. Enroll in the top foreign medical universities and start your MBBS journey for a successful medical career ahead in the country of your choice.

Studying MBBS Abroad has transformed in the past few years. As per the survey, 1,80,000 + students are traveling abroad to study medicine. The trend has grown vastly in the present and the future. While there may be enough reasons for students preferring to study MBBS abroad.

## Advantages of Studying MBBS Abroad

Foreign Medical Colleges have a modern infrastructure with the latest medical technology and modern equipped laboratories.

Compared to fees in private colleges it is beneficial for Indian students to study MBBS abroad at a low cost. The colleges/Universities are approved by NMC (National Medical Commission).

Students get recognized internationally when they return to India, as they get to work on the International procedure and have high exposure.
